REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-6, 19 and 20 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest the angulation means responsive to temperature for tilting relative to the angle of incidence of the light with respect to the grating as a function of temperature as set forth in the claimed combination.

Claims 7-12 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest controlling the angle of incidence of the light relative to the grating in response to temperature changes in the grating as set forth in the claimed combination.

Claims 13-18 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest the angulation means responsive to temperature for tilting the relative angle of incidence of the light as a function of temperature with respect to the filter as set forth in the claimed combination.
